1 stick of softened butter

1 (8oz.) pkg. cream cheese softened

3 Tbsp. lime juice (about the juice of 3 fresh limes)

4 cups confectioners' sugar

In a large bowl, beat butter and cream cheese until light and fluffy.

Add lime juice.

Add sifted sugar a little at a time. Blend well.

You can adjust the thickness of the frosting by either adding more sugar or more lime juice as needed.

Frost your cake and enjoy!
